Io vengo posto qui per scontro nel fin di questa mia fatica la terra di
 Durante patria mia la qual fu già edificata da Guglielmo Durante
 reano di Chiostro: questa è bagnata da tre lati dal fiume Metauro,
 sì qui non lontano un miglio vedesi il Parco circondato di mura attorno
 attorno pieno di diversi animali, quivi fanno deliziosi vini, saporiti frutti,
 l'aria è assai temperata, qui da due bande si estende un'amena pianura
 che dall'una arriva alla radice dell'appennino, e dall'altra si
 bagna nel Mar Adriatico.
